

A tangled ~~net~~^{web} of software and sites

It's not easy keeping track of the variety of websites, software, programs and databases the volleyball world uses to track registrations and certifications for all of its teams, members, officials, players and coaches.

Without the assistance of these multiple electronic tools, managing the pieces of the

volleyball world would be a logistical nightmare and require more paper and filing than we care to even think about.

It's amazing how we got along before computers, cellphones and databases. Let alone, Instagram.

So, here's a quick look at some of the big

digital apps we use to help manage all of this information that is vital to the well being of the Badger Region and USA Volleyball.
