

# JUNIOR MEMBERSHIPS

Sorting through the list of available memberships in the Badger Region can be a bit confusing based on what time of year it is and whether or not an athlete has participated during the previous club volleyball season. To help navigate selecting a junior membership, use our “Choose Your Own Adventure” and we’ll make sure you get the membership you need. If you ever have questions about which membership is right for a junior athlete, coach, club director or adult player, email [membership@badgervolleyball.org](mailto:membership@badgervolleyball.org) or call 262-349-9785.

# TUNE-UPS VS. TRYOUTS

The terminology and function of the volleyball world is sometimes confusing. When exactly did bump-set-spike become pass-set-hit? But, we digress. If you're wondering what the difference between tryouts and tune-ups are, we can help sort that out for you and let you know exactly what membership you need for each.

## I AM INTERESTED IN GOING TO A CLUB'S TUNE-UP CLINIC

Tune-ups are classified as clinic run by facilities, clubs, schools, etc. that are sanctioned by the Badger Region and USA Volleyball. They can be run at any time of year (usually September through early November, but it is not limited to those months). No evaluation takes place at these clinics. The Badger Region and USA Volleyball lump tune-up clinics into its one-event memberships so as to distinguish them from tryout membership which can be used over a period of time. What do I need to attend a tune-up clinic?

**OPTION 1:** If you were a full junior member in the 2016-17 season and the tune-up clinic is taking place Oct. 31, 2017, or before, you only need to present the 2016-17 membership card to be eligible.

**OPTION 2:** You may purchase a one-event tune-up membership for \$10 (valid only at one tune-up) if your previous membership expired or are unsure if you are going to need the full \$50 membership for later in the year.

**OPTION 3:** You may purchase a full junior membership for \$50 that will cover you from now until Oct. 31, 2018, and allow you to go to all the tune-ups, tryouts and any other Badger Region events you participate in, including sand.

## I AM INTERESTED IN GOING TO A CLUB'S TRYOUTS

Starting Oct. 7, 2017, girls 14-and-under can begin trying out for clubs in the Badger Region. Then in mid-November, all boys and girls 15-and-older may start trying for clubs throughout the state of Wisconsin. During the months of October and November, athletes may try out for as many clubs as they choose as long as they have one of the following memberships (Special arrangements can be made for clubs who host tryouts in months other than October and November):

**OPTION 1:** If you are a girl 14-and-under trying out in the month of October for a club in Badger Region, you may use the membership from the 2016-17 if you were a full junior member.

**OPTION 2:** You may purchase a \$10 tryout membership that will cover all athletes for five tryout dates from Oct. 7 to Nov. 31. If you make a club, you can then upgrade to a full membership for only \$40.

**OPTION 3:** You may purchase a full junior membership for \$50 that will cover you from now until Oct. 31, 2018, and allow you to go to all the tune-ups, tryouts and other Badger Region events you participate in, including sand.
