

Bump. Set. Save.

Backed by the power of SportsEngine, Advanced Event Systems (AES) is now able to deliver a killer payment processing solution at a reduced price.

We know the unique challenges that come with organizing a volleyball tournament, so we designed the technology you need to serve up the best experience for coaches, players, and fans.

4 Key Benefits of Fully-Integrated Payment Processing

SECURITY

PCI Level 1 Security — Payment information is securely transmitted utilizing the highest level of compliance.

SIMPLE, COMPETITIVE PRICING

No set-up or monthly fees. No minimums or dispute fees. Quite simply, No surprises. Just a flat percentage and small authorization fee.

REPORTING AND ACCOUNTING

View transactions, refund payments, and reconcile deposits all from one easy to use interface.

INTEGRATED FUNCTIONALITY

SportsEngine payments are now completely integrated with the AES platform to make your job easier and your payments more secure.

Simple. Reliable. Cost-effective.
