

Retention Period Document for 2023-24 Season

At the Badger Region board meeting on Sunday, May 5, 2019, the Board of Directors approved several changes regarding junior team composition, tryouts and commitments designed to increase playing opportunities and ease the tension of the tryout process. These changes came out of many hours of discussion and deliberation by the Tryout Committee, which is comprised of various board, advisory committee and staff members.

One of these changes is the addition of a Retention Period. Badger Region will allow an **optional** "Retention Period" of Aug. 1-Aug. 10 (or earlier if also offering an out-of-state tryout) for clubs to be able to offer a spot in their club for the previous season's players for the upcoming season. After 7 p.m. CT on Aug. 10, the Retention Period ends. Offers not accepted by that time are void and will not be recognized by the Region. All offers after that timeframe must occur during the Fall 2023 tryout period. Failure to adhere to this rule will result in sanctions on the club by the Badger Region.

This optional Retention Period affords clubs the flexibility to extend early offers to returning club members for the purpose(s) of player retention, budgeting and other logistics, including securing and training coaches, etc. The August Retention Period timeframe was chosen to avoid conflicts with both the club and high school seasons for the athletes. This opportunity can help relieve some of the anxiety and stress of tryouts for players who already know that they will be able to return to their club. This is done at the club's discretion and the Region will have no involvement in the specifics of this process, including if a club chooses to offer this option, who is offered, who is not offered, and if the club offers a spot within the club or on a specific team.

It is up to the family to decide if this is the best option for them, with the understanding that commitment during this time period is binding to the club for the entire season, per the Badger Region tryout and commitment policy, found on the Badger Region website.

The second page of this document contains a template that the club may (but is not required to) use and includes additional information on the offer and acceptance of a position on a club team during the Retention Period. This document, if utilized, is an agreement solely between a family and a club. The Badger Region WILL NOT get involved in financial or contractual disputes, nor any administration of any offers nor paperwork pertaining to the Retention Period. Badger Region does not have knowledge of which clubs choose to use the Retention Period, nor will it adjudicate any disputes between any parties pertaining to such an arrangement.

ONCE A FAMILY RETURNS A RETENTION PERIOD AGREEMENT TO A CLUB, THE FAMILY HAS COMMITTED TO THAT CLUB FOR THE ENTIRE 2023-24 SEASON. The family must select that club in the member management system after Sept. 1, 2023. Any abuse of the Retention Period guidelines may result in sanctions or revocation of Badger Region membership for the season.
