Badger Region Family injured in accident

On Feb. 16, 2025, the lives of the Murphy family changed forever. Charlie (13), Georgia (12), Jojo, and Quin were on their way home from a volleyball tournament in Chicago when a driver attempting to pass on the other side of the road did not see their car and hit them head-on.

The accident was devastating. Charlie and Georgia were med-flighted to Chicago-area children's hospitals, while Jojo and Quin were taken to another hospital, and Jojo was later transferred to another. This has left their family physically separated in 4 different hospitals, each fighting their own battles to heal, with separate care teams and individual family members being at every location helping them.

Meet Charlie & Georgia

Charlie (13) is kind, funny, and full of creativity. He has a heart of gold, a natural charisma that draws people in, and a love for bike riding, video games, and hanging out with his friends.

Georgia (12) is fun, kind, and full of energy. She is a dedicated volleyball player for Madtown 121 National Team who loves spending time with her friends and teammates. Her passion for Volleyball and her bright personality make her an amazing friend. She loves all things girly from skin-care, hair, make-up to all the fun!

Their Parents – Jojo & Quin

Jojo and Quin are amazing parents who are deeply rooted in Middleton/Cross Plains, and St. Francis community in Cross Plains, WI. Quin works as a general contractor, and Jojo is an office manager. They are the kind of people who give so much, and now they need our help.

Their Injuries & Recovery Journey

The family sustained severe injuries, and their recovery will be long.

Charlie & Georgia – Both remain medically sedated as they recover from surgeries, with more ahead. They are in critical but stable condition and are in the best possible care. Georgia had a successful surgery Feb. 19.

Quin – Multiple broken bones: pelvic, leg, ankle, and internal injuries. He has been transferred out of ICU and is doing better but has a long healing process and more surgeries ahead.

Jojo – Suffered five broken bones in her back, a fractured sternum, wrist, and finger, along with cuts and bruises. She remains incredibly strong for her family and is expected to be fitted for a back brace today before being transferred out of ICU soon.

How You Can Help

This journey will require months of recovery, physical therapy, home modifications (wheel chairs and ramps), and extensive medical care. Quin's work as a general contractor requires manual labor, which he won't be able to do for months. With both parents unable to work, the

family needs financial support to cover living expenses, medical bills, and ongoing care for at least the next six months.

Ways to Support

Donate – Every contribution, no matter the size will help ease the financial burden so they can focus on healing. [To donate to the GoFundMe set up for the Murphy Family, click here.](#)

Donate Locally - Lake Ridge Bank – Cross Plains Branch (Main Location), 2615 Westview Ct, Cross Plains, WI 53528 -- Any Lake Ridge Bank location will accept cash or check donations and ensure they go directly to the Murphy family's account.

Pray – Their faith is strong, and they need prayers for strength, healing, and the skilled hands of their medical teams.

Share – Please share this with your community to spread awareness and increase support

No Badger Region HP All-Star events will conflict with summer tryouts in the Badger Region in 2025.

What makes All-Star Championships so unique?

Every two years, the age definitions for what athletes are eligible for are updated by the FIVB – the international governing body of the sport of volleyball. These age definitions govern High Performance All Star programs across all Regions and USA Volleyball because the culminating event that takes place in late July is, in fact, an international tournament and therefore makes the age definitions consistent throughout the world.

Therefore, the Badger Region must abide by these age definitions, which don't allow for age waivers. Every athlete in the Badger Region is eligible for our High Performance All Star program for at least four (or five) years – so make sure to take advantage of this time when it's your turn.

U19: Born in 2006-07 (boys only)

U17: Born in 2008-09

U15: Born in 2010-11

U13: Born in 2011-12 (girls only)

*Note, these are not the same age definitions as used by USA Volleyball, as the All-Star program is an international program and must follow FIVB age regulations.

Are there other divisions other than those listed above?

Yes, there are. However, due to numbers, space, costs and previous interest in other age levels, the Region elects to only enter teams in the divisions listed above.

Why are the age divisions set up like this?

The FIVB sets up the birth-year based age definitions. In the US, age definitions are set up mostly by "grade in school." However, other countries do not have the same school systems as the U.S., thus making the birth-year based age definitions a more level playing field. In addition, (think Olympics) in many international competitions, a team (or athlete) must qualify for an international championship in the first year of the cycle and then compete for the title in the second year of the cycle. We do not have to qualify for the USA All-Star Championships, but the model is set up in the two-year cycles just like other international events.

If my son or daughter is no longer eligible for any of the Badger Region

Different rule sets

The USA All-Star Championships serves as an opportunity for athletes to play under international rule sets, and allows referees training to become international officials the opportunity to officiate under such rules.

What are some of the key rule differences?

- * The libero CANNOT serve. The libero is designated for the match
- * Substitutions are limited (A team only gets six subs per set – except for the Girls U13 division)
- * If the ball hits the ceiling it is out.
- * Only the head coach can stand.
- * We play best 3 out of 5 sets. Usually, two matches per day are played.
- * There is a technical timeout when the first team reaches 13 if a timeout isn't called prior to that. Teams must wait outside the court until they are brought back into the court by the R2.
- * Simultaneous contact by two players counts as two hits.

How does this impact athletes like those in the Badger Region High Performance All-Star program?

It is vital that some athletes be accomplished utility players. A middle who can hit on the right side. Outsides and right sides who can hit on both pins. Liberos who can be worked in as a back-up setter if needed. Outside hitters need to play all six rotations due to the lack of substitutions allowed in international events. All of these are considerations our coaches must look at when building their final rosters. Also, because of the program goals and the limited substitutions, there will not be equal playing time.

age divisions, what other options does he or she have? Some of the highest-level athletes may receive invitation to the USA Volleyball National Team Development Program and participate in such events as NORCECA Championships, FIVB World Championships and other USAV-based programs. Since those programs are only for the most elite of athletes, we suggest looking into elite-level collegiate camps at schools around the country. Competing in beach

27 at the conclusion of team competition, meetings and activities.

If an athlete makes the final roster that travels to Madison, what additional costs are there?

Final costs are still being worked on as hotel and tournament arrangements are still pending. Cost will include hotel (three to a room), a warmup shirt (to keep) as well program costs for jerseys, coaches, etc. The only other costs that athletes incur is the cost of food that they purchase at the grocery stores or at restaurants. Only a limited number of team meals are provided by the Badger Region.

What are some other perks of being part of the Badger Region All-Star team?

* Athletes learn the rules and procedures of international volleyball competition

* Film study and opponent scouting using film review

* Mental health discussions and tools shared with athletes

* Opportunity to work with elite coaches from around the Badger Region with ties to multiple colleges and universities

and grass events will also make the athlete a much better, well-rounded player.

Madison is the site for the 2025 USA All-Star Championships? What do we know about this event?

The event starts July 23 with team check-in and practices at the Alliant Energy Expo Center and will feature four days of competition from July 24-27. There will be nine divisions of both boys and girls volleyball ages 13-19. More than 100 participating teams will come from the 40 regions of USA Volleyball along with international teams. In the past, teams from Canada, Puerto Rico, Australia and New Zealand have attended the event.

Athletes will find their own transportation to Madison and meet at the Expo Center the morning of July 23. The athletes will stay together in the Clarion Hotel (attached to the convention center) for the duration of the event. Athletes will be released to their parents the evening of July

Do parents have to come to the tournament?

The Badger Region staff and its coaches serve as chaperones for the event. If the parents attend the All-Star Championships, they are allowed to take their son or daughter back home (or to another destination) at the conclusion of the tournament, after giving written permission.

Parents are welcome to attend the event, but are asked to understand that the teams will be doing things as a group, so there are minimal, if any, chances to have "family time." This experience differs greatly from a traditional club tournament where players go with their family when the team isn't playing. During the All-Star Championship, it isn't a vacation. It is expected that the team remains together, preparing for matches and taking care of themselves with sleep, hydration and food. There may be opportunities for parents to help coordinate team meals or a few events or outings, but that would be for the entire group at a time determined by the coaches.

Tickets for the match at the home of MU men's basketball and the NBA's Milwaukee Bucks will go on sale in late spring or early summer. Any questions can be directed to the Marquette Ticket Office by calling 414-288-4668 (GOMU) or email.

"We are excited to be back at

Fiserv Forum and showcase the high level of volleyball being played in this state," said now former Marquette head coach Ryan Theis. "Our match two years ago at the venue was record setting and the event is something our student-athletes and coaches will always remember. We are looking forward to another great turnout celebrating one of the fastest growing sports in the nation and our amazing fans at Marquette."

Theis announced on Feb. 17 that he is leaving Marquette to become the next head coach at the University of Florida.

The Golden Eagles and Badgers played in front of 17,037 fans at Fiserv Forum on Sept. 13, 2023, still an NCAA attendance record for an indoor regular season game. It remains a state record for attendance at a women's sporting event and ranks as the 15th-most attended NCAA women's volleyball match ever (including NCAA tournament play).

The 2024 NCAA Division I Women's Volleyball Championship title match drew 1.3 million viewers on network television (ABC), while the tournament itself was the

most-consumed ever as more than 1.3 billion minutes were watched across all ESPN platforms.

The two perennial NCAA tournament participants each advanced to NCAA regional competition last fall and the Badgers captured a national championship in 2021.

In addition to MU men's basketball games at Fiserv Forum, the building has partnered with Marquette to host the 2022 NCAA Men's Basketball Championship and will do so again with First & Second Round games on March 21-23 this spring

Host families needed for exchange students

Have you ever considered hosting a foreign exchange student in your home?

What if we said there are foreign students who play volleyball looking to come to the United States to study here and are looking for a host family?

Since 1985, Greenheart Exchange has placed over 25,000 international exchange students with host families in the USA. Greenheart provides a strong support system to its students and to its host families. Greenheart is looking for loving families to host 10-20 international volleyball players in Wisconsin and Minnesota!

Greenheart Exchange works with the U.S. Department of State to sponsor students who come to the USA to study or work on J-1 visas. Greenheart Exchange finds host families, host schools, and host

businesses for exchange visitors and works hard to make sure everyone has a great experience.

Greenheart Travel helps students and adults participate in high school abroad programs, summer language camps, teach and work abroad opportunities, TEFL courses, and/or Gap Year programs.

Hosting an international student is a rewarding and enriching experience for the students and for the hosts. Hosts learn about another culture, while also sharing their daily lives, values, foods, traditions, and holidays. It is an experience that broadens horizons and increases global awareness for everyone involved.

Region seeks volunteers for its events

With a full slate of events scheduled for the 2024-25 season, the Badger Region is looking for your help.

Don't know service rotations or how to train your setters to play defense? That's OK. Almost ALL of our volunteers are off the court.

For the upcoming season, ambassadors will be used in a variety of ways:

- * Helping at team check-in at a Badger Region-hosted tournament

- * Assisting at an All-Star tryout or Youth Clinic handing out t-shirts and helping direct traffic

- * Handing out Badger Region swag prizes at events

- * Taking photos for social media and our website at our big events

- * Helping manage our medals and trophies at our marquee tournaments

And, maybe if you're not able to help in person, we are always looking for e-ambassadors. Those individuals are the ones who might help write articles for our newsletters or share all our posts on their own social media platforms. Ambassadors are rewarded with Badger Region t-shirts, backpacks, and other cool merchandise for being a part of our team.

[To register as a Badger Region ambassador/volunteer, click here.](#)

Events that the region needs help at:

- * Feb. 28-March 2: Badger Region Qualifier

- * March 14-16 and March 21-23: Badger Region Championships

Whether you're a new coach

or a seasoned veteran, you're guaranteed to leave with dozens of new ideas to try in your gym next season.

We highly encourage all coaches to take advantage of free 30 day access to the Art of Coaching Volleyball premium trial membership. From now through March 14 you can register for a complimentary 30-day AOC Volleyball Premium Trial Membership (no additional commitment or credit card required!). 10s for the win

Morgan Kopischke was our official today at the Penguins Tournament. She did an amazing job with the 10s age group. She had a great attitude for that age. Her technique was great and when I let her know that for a reserve she doesn't have to give the redo signal, just simply signal for serve again, she made the correction right away. I was extremely impressed by her!

Coach and fellow official Kristin Kaczmarek

Compliments galore

I wanted to tell you how impressed I was with Jason Pickett, as an official. He officiated 15s this past Saturday & 12s on Sunday at our home tournament. He was awesome at the 15s level, but I was more impressed with him at the 12s division. I received so many compliments from their coaches and parents on his demeanor & patience with these younger players! He explained the Step-in rule well & reviewed the ref duties with each one with such a professional manner. When things didn't go smoothly, he was understanding and helped players learn to do things correctly. It was refreshing!

Bonnie Stalker, official and club director

Kudos to Wisconsin Attack

Shout out to Wisconsin Attack 16 Red for volunteering to be the work team on a court that was running behind at the Badger Region Power League IAM location. They were very gracious and happy to help without being asked.

Make sure your jerseys are compliant before ordering

The Badger Region Volleyball Association wants to make sure your team's jerseys are compliant with all rule sets and changes that have gone into effect.

To do so, the Region's Ref Chair is encouraging club directors or coaches to send images if there is any concern that numbers are not contrasting enough with the dom-

inant color of the jersey or if a jersey is not contrasting for libero purposes. The photos of the jerseys should not be of any junior athlete in uniform.

Reminder: All numbers must clearly contrast with the color of the jersey, regardless of the color of the outline of the number.

If your team plans to attend a USA Vol-

leyball Boys or Girls Qualifier or National Championship, the Region can also help direct you as to the proper channels you must go through to get jersey waivers.

E.S.P. program recognizes sportsmanship

Wristbands given
to adults being
great role models

Sportsmanship isn't a suggestion for the way every player, coach and fan should act on and off the court. It is the expectation.

To reward those exceeding expectations, the Badger Region wants to recognize you.

The 2023-24 marks the eighth year of the "Enthusiastic. Supportive. Positive." program that highlights volleyball enthusiasts, specifically fans in the stands.

Last season, tournament directors throughout the Region distributed close to 250 wristbands at events and tournaments, and we're looking to hand out hundreds more.

Then, at the Badger Region Championships in March, anyone (adults/spectators only) who was awarded a wristband throughout the year, will be eligible to

win Badger Region gear such as T-shirts, water bottles, mini volleyballs and other cool swag.

So, what do you have to do to get a wristband? Support your team! Be positive! Show character that would make your mother proud!

Get a little crazy. Go the extra mile. Recognize the good in your team and others. Get excited when even your opponent makes an amazing save or play.

Don't cheer against another team. Don't taunt or heckle officials, coaches or players. Don't give your club or team a black eye with any "in your face" cheers.

Tournaments directors, Badger Region staff, referees and board members are watching.

If you get one of our colorful "ESP" wristbands, come to the Championship Desk at the Badger Region Championships for prizes. Anyone with a wristband gets one entry into the raffle. At certain points throughout the day, names will be drawn for the prizes.

The only rule: You must have your wristband on at the time of the raffle to receive your gift.

The ESP program is designed for recognition of adults or other individuals who are "outside the

lines." Winners do not have to be Badger Region members.

If you have someone like an athlete, coach or official who is deserving of recognition, please fill out a nomination form for the "Caught Doing Good" program (see below).

If you are a tournament director running a Badger Region/USA Volleyball-sanctioned event in 2023-24 and would like to request a package of wristbands for distribution at your event, contact Program Director Brian Sharkey at brian@badgervolleyball.org.

Nominate a coach, player or ref for special honor

'Caught Doing Good'
now in its third year

The Badger Region knows there are great people who play, coach or officiate our great sport in the state of Wisconsin.

Now is the time to take a second to recognize him or her for their outstanding character, leadership or contribution to the Badger Region or others in the volleyball community.

[To nominate an individual for "Caught Doing Good," click here.](#)

The 2023-24 season marks the third year of the "Caught Doing Good" program in the Badger Region.

In the past, some examples of folks Caught Doing Good were of coaches who took on multiple teams in the wake of situations at their clubs. There have also been coaches who have gone above and beyond to lead by example and be amazing role models for the young men and young

women in their care.

Some athletes have been recognized by their coaches or fellow teammates for their amazing show of sportsmanship, leadership and character on and off the court.

Just because a coach or athlete receives an award does not mean they are the best

coach in the Badger Region or the best athlete. It means they are doing things the right way, and in ways we can all learn from.

Nominees for "Caught Doing Good" will be eligible to win awesome prize packs from the Badger Region including Molten packs or volleyballs, Badger Region apparel or other Badger Region-branded items such as fanny packs, coolers or mugs. Winners will also be featured in future Badger Region newsletters.

"We want to recognize the people on the court who are models of behavior for the rest of us," said Program Director Brian Sharkey. "It's much friendlier on our end to celebrate the positive stories than have to reprimand those that don't have their priorities in order."

Only Badger Region members (coaches, club directors, tournament directors, athletes, administrators, athletic trainers, etc.) are eligible for Caught Doing Good awards.

Region to host 2025 All-Star event

Madison chosen for elite tournament

The Badger Region Volleyball Association and the Madison Area Sports Commission (MASC) are proud to announce that Madison and the Alliant Energy Center have been selected to host the 2025 USA Volleyball All-Star Championships. The event will feature All-Star teams from across the country composed of boys and girls players, ages 13-19, as well as officials from around the nation.

Madison was selected from various sites around the country by the participating programs. It will be the first time a Wisconsin city has hosted this prestigious event since 2010, when it was held in Wisconsin Dells.

"We are very proud to be hosting this event in Madison, in partnership with the Madison Area Sports Commission," said Badger Region Volleyball Executive Director and Commissioner Jennifer Armson-Dyer. "Wisconsin is a hotbed of volleyball at all levels, and to be able to bring this event to our local community is very rewarding. We're looking forward to showing the juniors volleyball community what Madison is about."

The event will take place in late July 2025 at the Alliant Energy Center and will feature four days of competition across nine divisions of both boys and girls volleyball ages 13-19. More than 100 participating teams will come from the 40 regions of USA Volleyball along with international teams. In the past, teams from Canada, Puerto Rico, Australia and New Zealand have attended the event.

Not only will players, coaches and spectators travel from around the nation to Madison, but officials will as well. Each participating region sends experienced and up-and-coming officials to work the event and be mentored by world-class officials to gain experience officiating high-level volleyball and making important connections to further

The Badger Region brought home two gold medals from the All-Star event in Tulsa in 2022. The event will be in Madison in 2025.

their careers.

"Hosting this prestigious tournament in Madison -- one of the epicenters of volleyball has long been a goal of ours," said Jamie Patrick, VP of MASC. "We look forward to continuing our partnership with Badger Region Volleyball to welcome athletes and their fans to compete, cheer and enjoy volleyball and activities in the indelible Madison."

The All-Star Championships started in the early 2000s as an elite-level event designed to showcase regional All-Star teams along with national training teams from USA Volleyball, the national governing body of volleyball in the United States, in multiple age divisions. Previously known as the High Performance Champion-

ships, the USA Volleyball All-Star Championships are now run by the Regional Volleyball Associations and it is endorsed by USA Volleyball as a "pipeline" event to the National Team Development and Olympic programs.

Badger Region has been a participant in this event since its beginning, capturing 15 medals, including most recently a bronze medal by the U13 girls team last July in Fort Lauderdale, Fla., and a gold medal by the U17 boys and U17 girls teams in 2022 in Tulsa, Okla. The 2024 All-Star Volleyball Championships will be held in Des Moines, Iowa in mid-July. Information about the Badger Region Volleyball tryouts for the 2024 teams will be announced in January.

For more information on the event as details emerge, please visit the Badger Region website at www.BadgerVolleyball.org or contact us at membership@badgervolleyball.org.

How is the Badger Region Board structured?

The Badger Region Volleyball Association is governed by a Board of Directors that must be elected by members on a regular basis. Area reps serve three-year terms, while members of the executive board serve four-year terms.

Members, whether they are players, coaches, parents, directors, athletic trainers or officials, are encouraged to communicate with their respective representative if they

think policies or financial decision in the Region need to be changed.

Some policies enforced by Badger Region come from USA Volleyball, our sport's national governing body, so those can't be changed. But many others can.

The Board is advised by a 11 chairpersons (or experts) in various parts of the game, and five staff members (some of which have multiple responsibilities).

The state is divided into five parts geographically for representation. Plus, there are two at-large board members who you can approach if you don't feel comfortable with your current rep. And there is a rep dedicated just to issues that surround our Junior volleyball clubs and athletes.

You'll be hearing from each Board member twice a year in the form of a column in the Badger Beacon. Now, let's meet them:
